

## News - Sheet

March 2010

Designed to give our members up to date information of  
Benevolent Fund Developments

It is intended that we publish regular articles pertaining to the Fund or related subjects, in particular changes or decisions in the management of the Fund that may affect the future development of the Fund or Benefits of our members.

March 2010 – We are now truly at the end of our financial year having run a 15 month period of accounting during 2008/09. 2009 has not been much easier, because the financial situation in the uk has not really changed as far as we are concerned, (although we are told we are out of the recession ?) The Chairmans report 2009/2010 gives more detail regarding our new facility and the reasons behind the change, but in the process our lodge has been burgled twice. The first loss was a 32” LCD TV and a 19” LCD TV, and the second was the replacement 32” LCD TV. So it has not been a happy time, with a lot of travel to and fro from London to Shorefield on Sea. To overcome this problem we have installed a simple to operate burglar alarm system and security grills for the doors leading onto the decking area. Instructions for the use of both will be left in the appliance information folder, kept in kitchen drawer and all visitors will be sent a brief overview with their booking forms. It is mainly when the lodge is not to be occupied that the alarm will need setting, which in general the shorefield staff will be aware of and have been instructed in the use of the alarm system

The new lodge Dane Park 43 is ultra modern with a fully fitted kitchen, including : Built in Gas oven & Microwave – Gas Hob – Built in Washing Machine and Dishwasher - cooker hood – Built in Fridge Freezer. The lodge also has full central heating, with two separate shower facilities, one being en suite to the master bedroom. We also have a Spa Hot Tub, on the decking area, which will be assessed for suitability during the first/second full season.

During November this year we published a **\*\*News Special\*\*** to highlight the fact that we had carried out all the agreed executive committees tasks on all projects. This is comprehensive and will explain all that is available.

Our Web site page of [current projects](#) has a link to [What is this facility](#) which showed some pictures of our previous lodge. This link has been changed to show several pictures the new lodge [DANE PARK 43](#). The change over was completed on the 1<sup>st</sup> March 2009 and our first test run and set up of the new facility was completed at the beginning of April 2009. Convalescent members for 2009 started to visit the new lodge in early May 2009.
